Others (Compare Groups)

Overview

The **Compare Groups** section allows users to create and manage comparison groups for products. Products can be assigned to a specific compare group, which helps customers compare similar products easily on the catalog.

Navigation

Home → Manage Products → Compare Groups

Compare Groups

The **Compare Groups** page displays all available products and their assigned comparison groups. Users can manage product comparison categories by adding products to suitable compare groups.

Add Products to Compare Group

To add products to a compare group:

1. Open the **Compare Groups** section.
2. Find the required product from the list.
3. Click on the **Edit** option.
4. Assign the appropriate **Compare Group** to the product.
5. Save the changes.

Once a product is assigned to a compare group, it will be grouped with similar products and can be compared on the catalog.

Compare Groups List

The Compare Groups page contains the following details:

Field	Description
